COMMENTS/FEEDBACK

44) Please provide any additional comments or feedback.	<p>373490: Should this instructor be nominated for an outstanding teaching award? Double yes!! One of the few professors at the University who is genuinely interested and concerned with sustainability and climate change!</p> <p>370859: You and Colin are a killer team! Thank you so much for taking the time to make sure we were all understanding material and the course goals. So refreshing to have two professors who seem to care about their students. Honestly such a pleasure.</p> <p>374018: I loved this class so much! I really do value the skills I have gained throughout the course in being able to reach out to people I may not have been bold enough to do so before taking this course. Thank you so much for making this course a possibility for so many of us!</p> <p>368749: Colin is an excellent instructor. His class is always flexible. I learn a lot in his class. Colin is a very kind and easy person, helps me a lot!! I like his class!</p> <p>371166: Colin was very helpful with students, especially when they hit road blocks or needed extra assistance. Colin was enthusiastic and explained things clearly. The questions included in this survey do not really apply to the majority of the course based on its layout so it is hard to accurately use the answer to evaluate the course and its subject material.</p> <p>371901: Best prof hands down. So many good things to say about Dr.Laroque.</p> <p>367013: Colin always makes himself available to students when they need help. He really wants to be a part of students' projects and he really cares about the outcome. He is very experienced and he can provide lots of intel to students. He is great at providing direction.</p> <p>371893: Colin is great. If anyone deserves a teacher award nomination it is him. Very helpful. Knows his stuff. Passionate in what he does.</p> <p>372958: Extremely helpful, dedicated, and encouraging!</p>
